

MISSAN IDP MONITORING IN 2006-7: GRAPH REPORT

Prepared on 16 April 2007

Based on data about IDP households gathered by the implementing partners of UNHCR in 2006-7

Figure 1: Age Range of Monitored Households, from Household Surveys

(Sample of 1,223 households which indicated their age range)

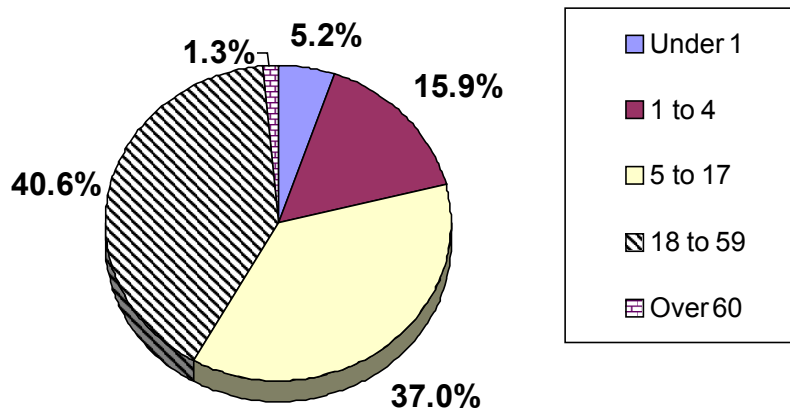

Figure 2: Governorate Most Recently Displaced From, from Household Surveys

(Sample of 1,227 households which indicated the governorate from which they were most recently displaced)

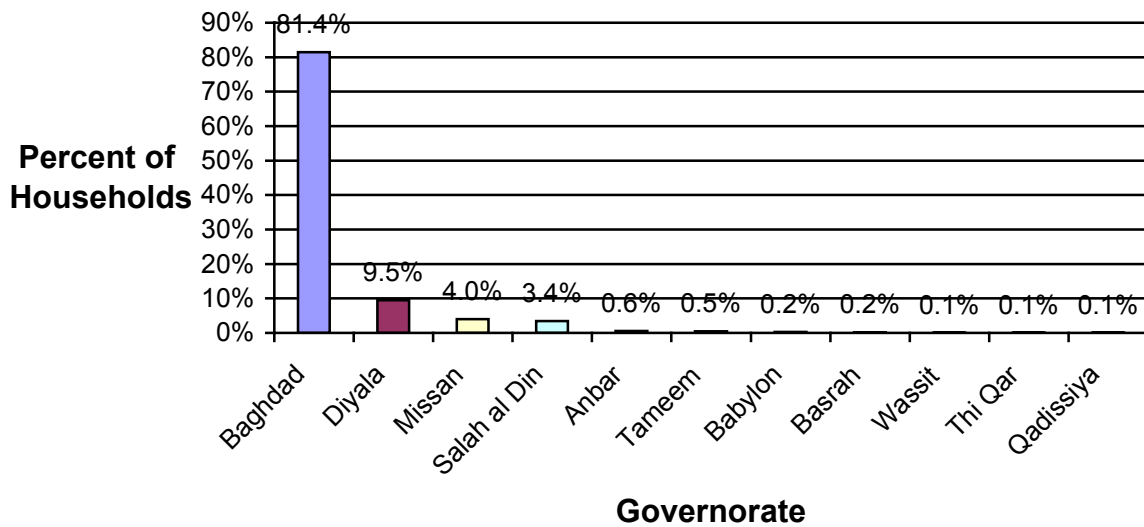

Figure 3: Reasons for Leaving Place of Residence, based on Household Surveys

(Sample of 1,196 households which indicated their reason for leaving their former place of residence. The values do not add up to 100% because households listed up to three reasons for leaving.)

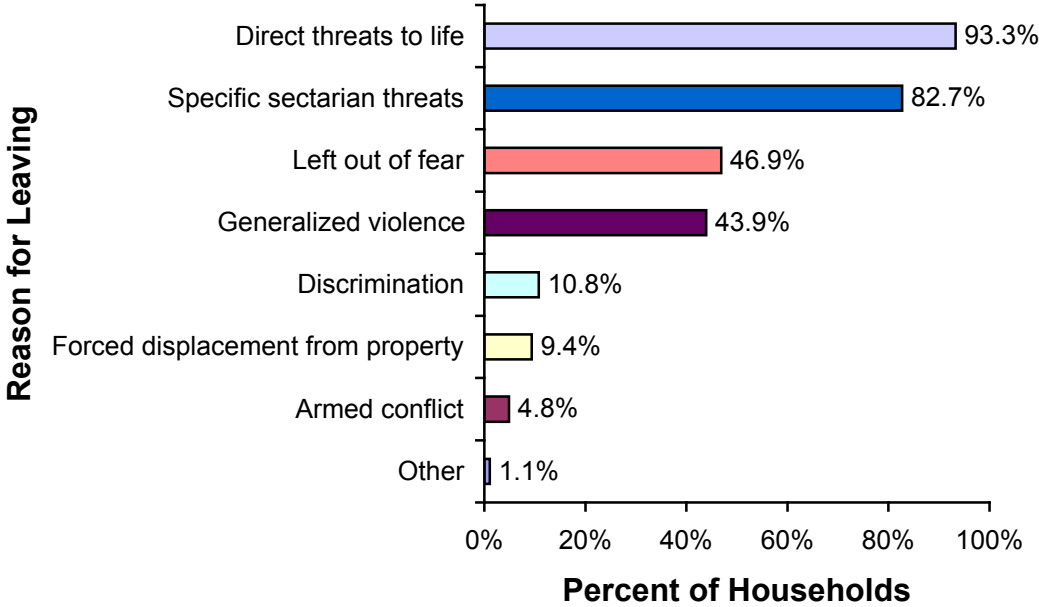

Figure 4: Targeting of Family, from Household Surveys

(Sample of 790 households which indicated whether they thought they were targeted)

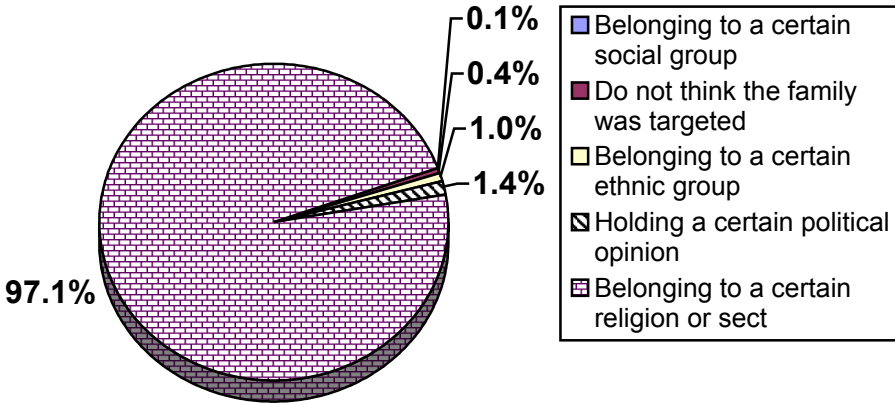

Figure 5: IDP Intentions, from Household Surveys

(Sample of 1,115 IDP households which indicated their intentions)

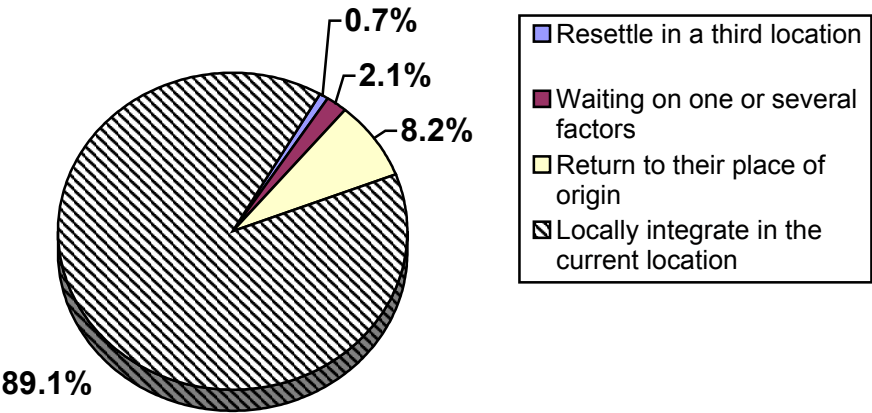

Figure 6: When Planning to Move, from Household Surveys

(Sample of 326 IDP households which indicated when they plan to return / integrate / resettle)

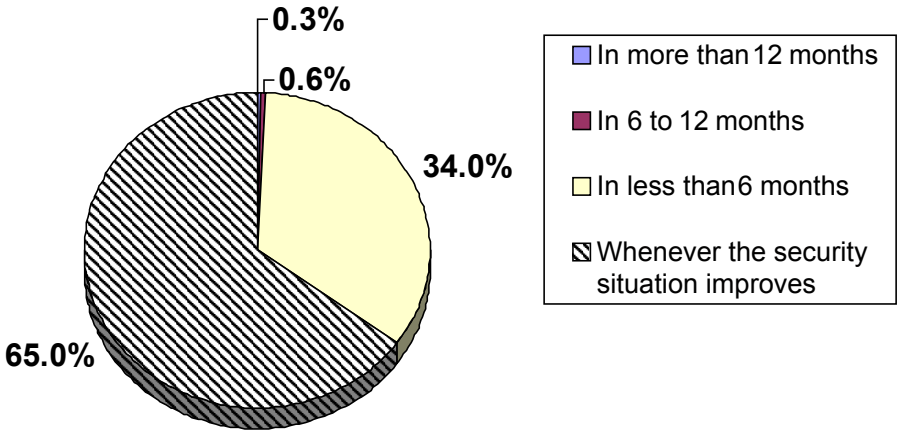

Figure 7: Type of Accommodation, from Household Surveys

(Sample of 1,226 households which indicated their housing type)

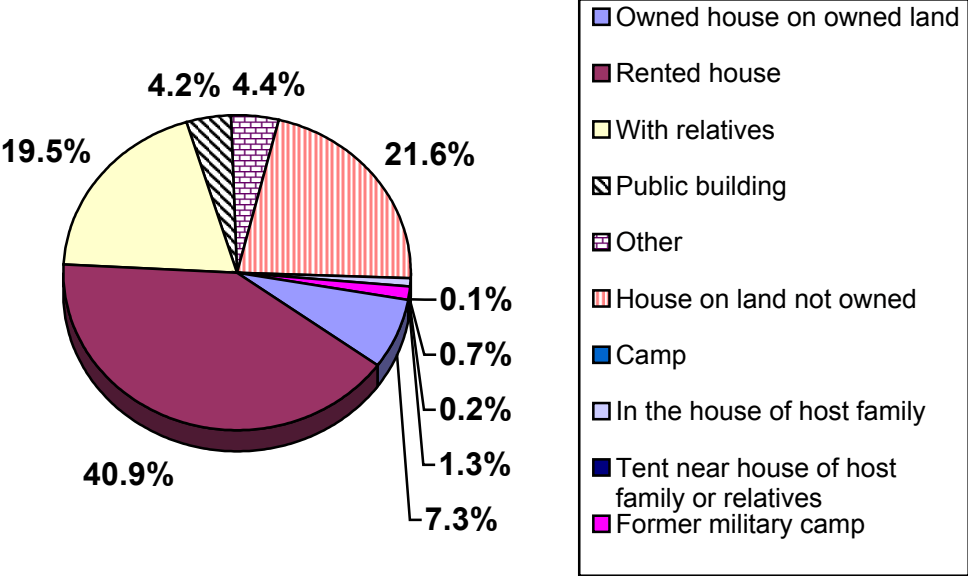

Figure 8: Degree of Crowding in Housing, from Household Surveys

(Sample of 1,218 households which indicated the degree of crowding in their housing)

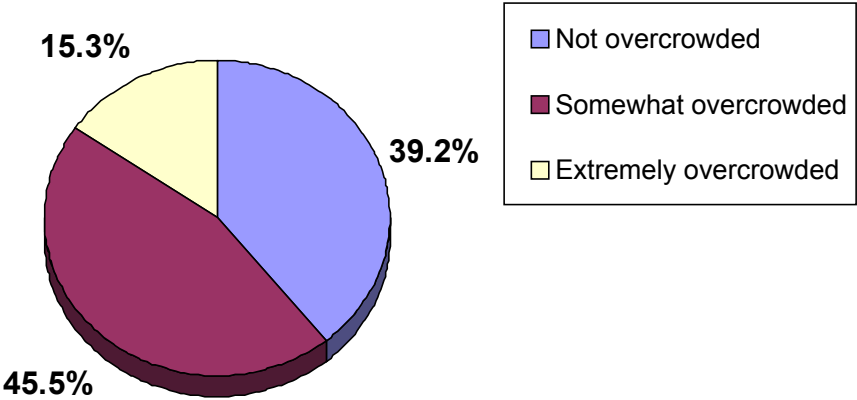

Figure 9: Housing Location, from Household Surveys

(Sample of 1,199 households which indicated their housing location)

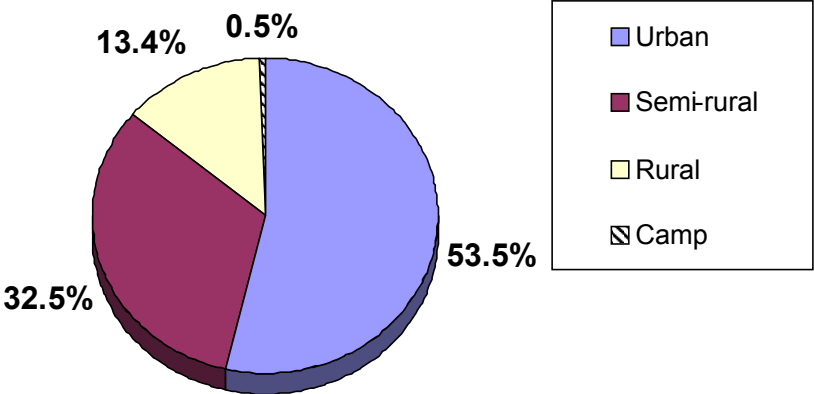

Figure 10: Does the family currently face a threat of eviction of pressure to leave?

(Sample of 1,037 households which indicated whether they faced a threat of eviction or pressure to leave)

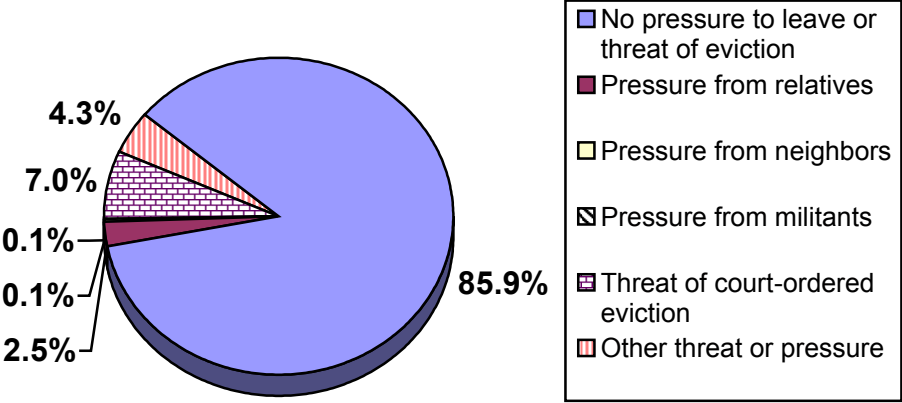

Figure 11: Main Water Sources, based on Household Surveys

(Sample of 1,136 households which indicated their main water sources. The values do not add up to 100% because households listed up to three water sources.)

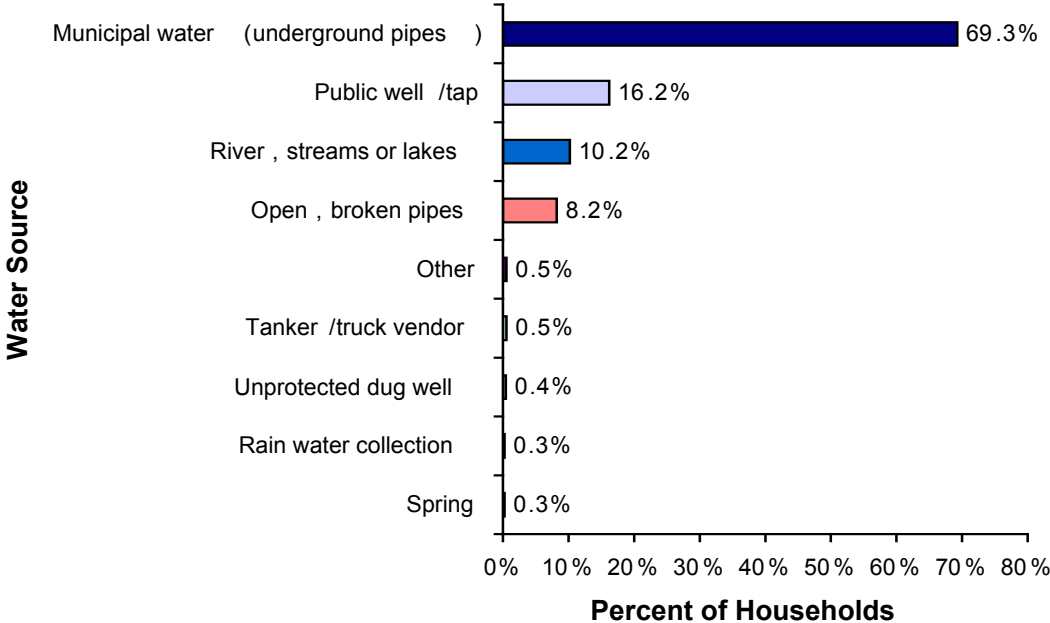

Figure 12: Sewage System, from Household Surveys

(Sample of 1,196 households which indicated whether they had a sewage system)

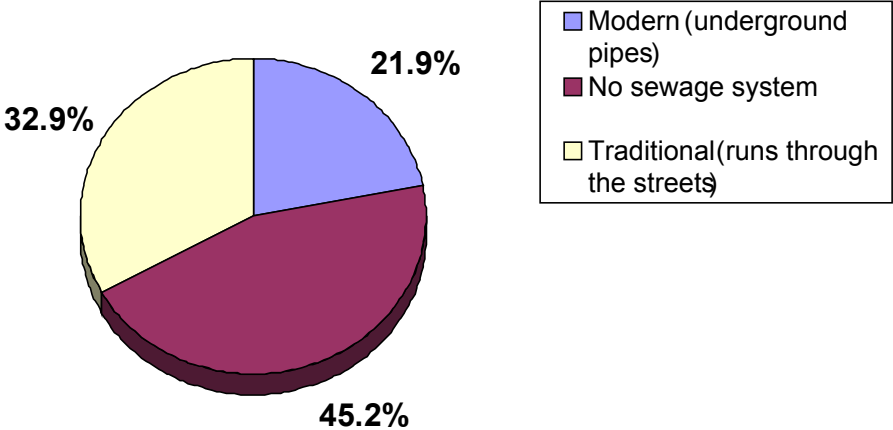

Figure 13: Why Not Receiving PDS Rations, based on Household Surveys

(Sample of 263 households which indicated why they did not receive PDS rations.)

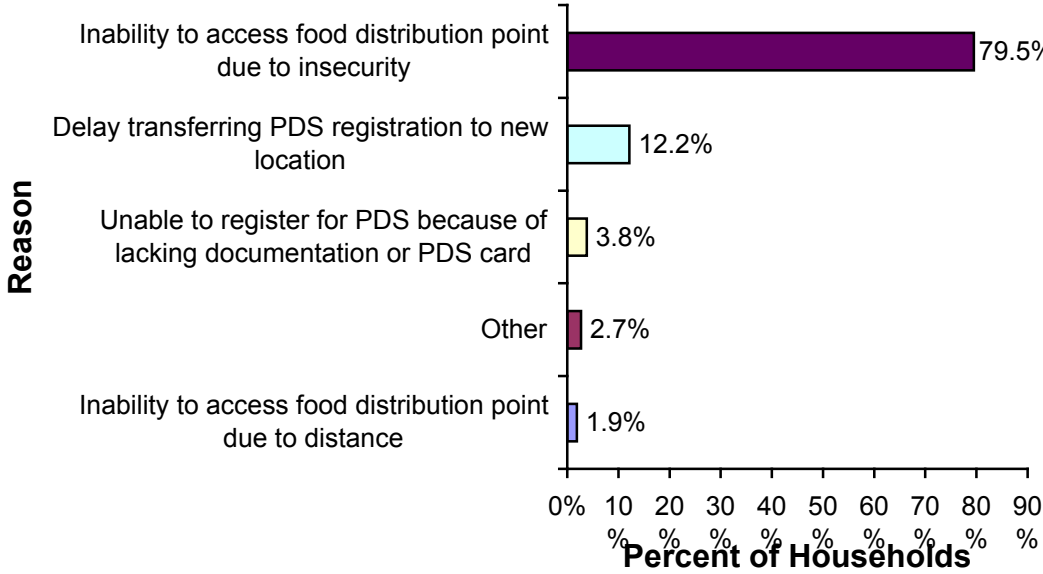

Figure 14: Reasons for No Access to Health Facilities, from Household Surveys

(Sample of 258 households which indicated that they had no access to health facilities. The values do not add up to 100% because not all households provided the reason for lack of access.)

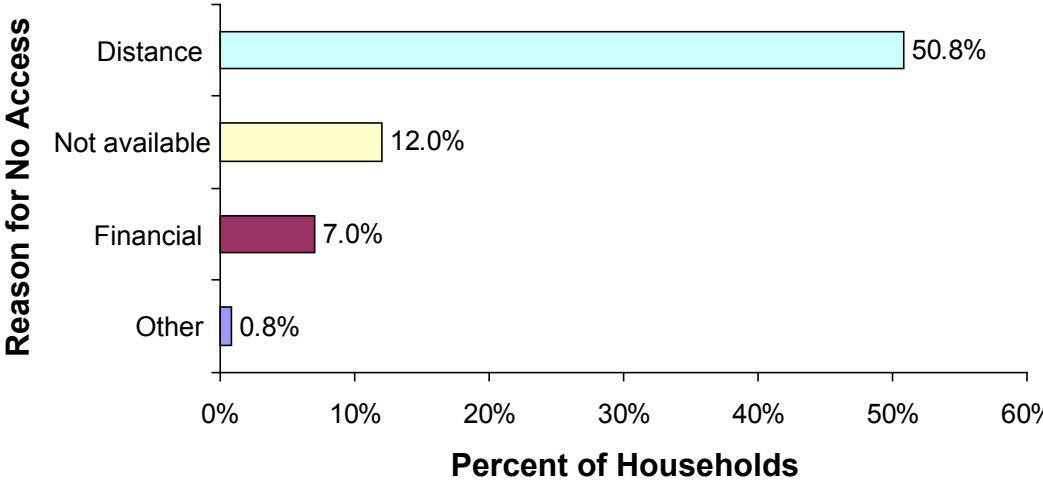

Figure 15: Access to Primary Health Centre in Village, from Household Surveys

(Sample of 1,216 households which indicated whether they had access to a primary health centre in their village)

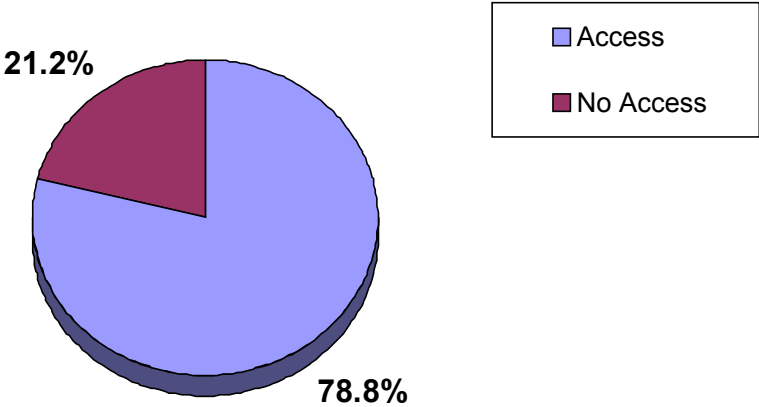

Figure 16: Main Health Problems of Family, from Household Surveys

(Sample of 378 households which indicated their main health problems)

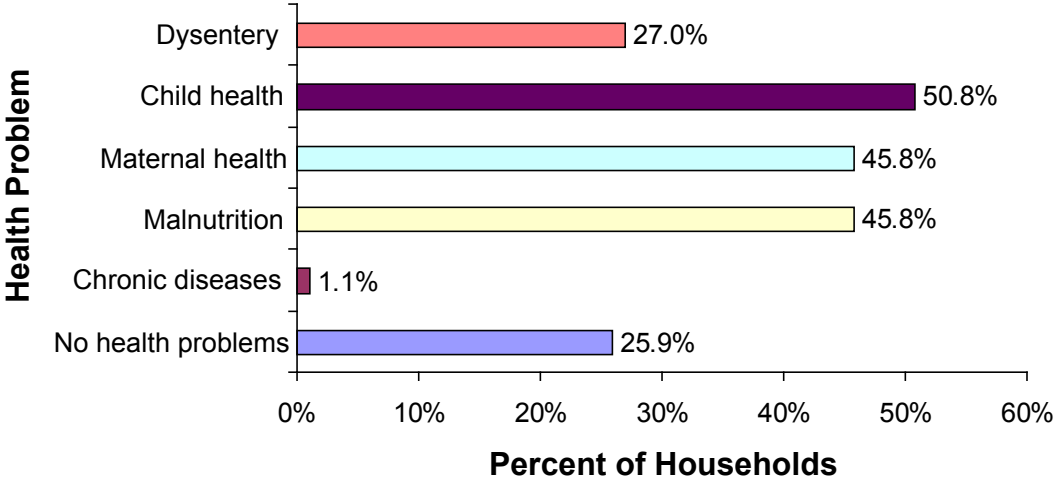

Figure 17: Reasons for Not Attending School, from Household Surveys

(Sample of 197 households which gave reasons for not attending school)

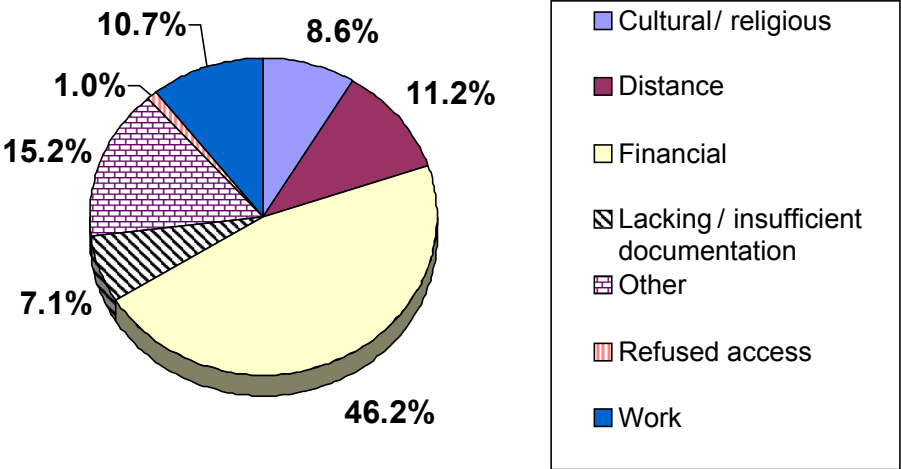

Figure 18: Access to Education Facilities in Village, from Household Surveys

(Sample of 864 households which indicated whether they had access to education facilities in their village)

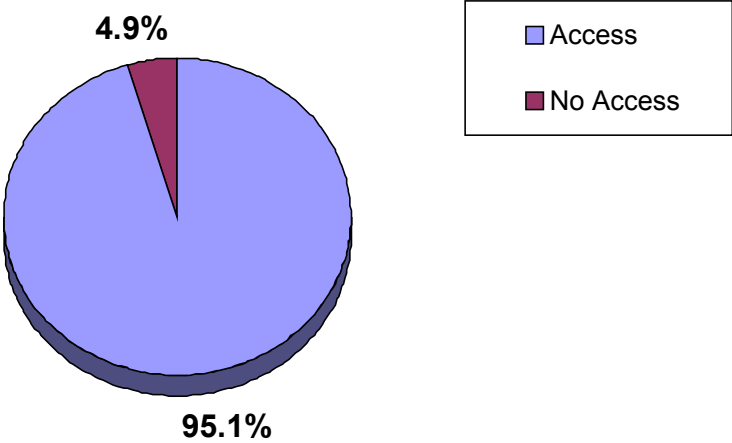

Figure 19: Problems in Registering for Schools Because of Lack of Documentation, from Household Surveys

(Sample of 800 households which indicated whether they had problems registering for schools because of lack of documentation)

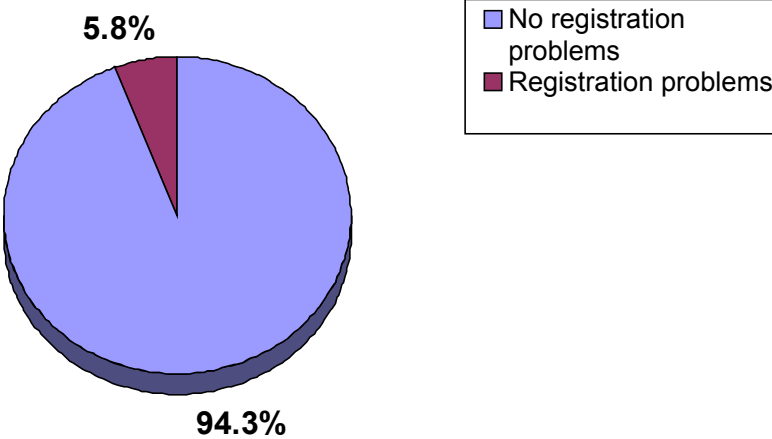

Figure 20: Accessible Fuels, from Household Surveys

(Sample of 1,207 households which indicated whether they had access to fuels)

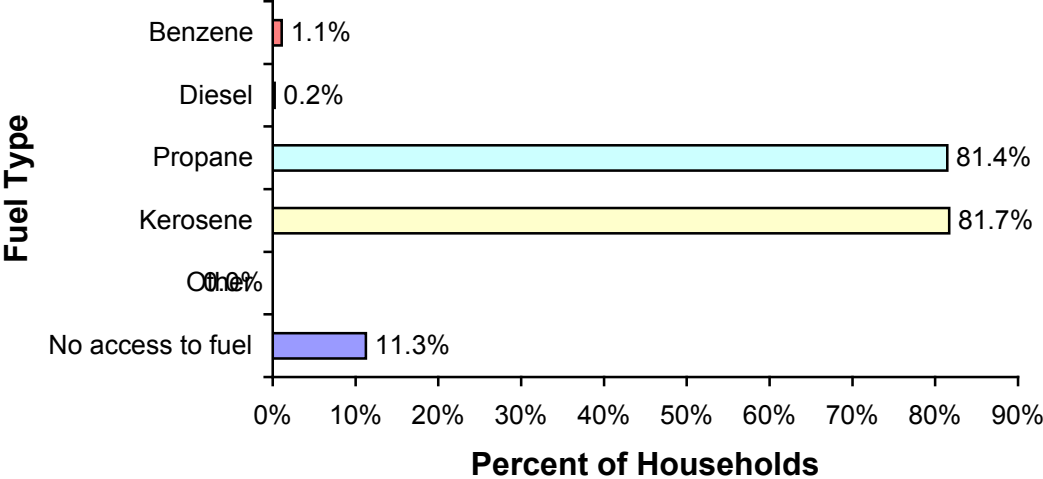

Figure 21: Access to Electricity, from Household Surveys

(Sample of 1,199 households which indicated their access to electricity)

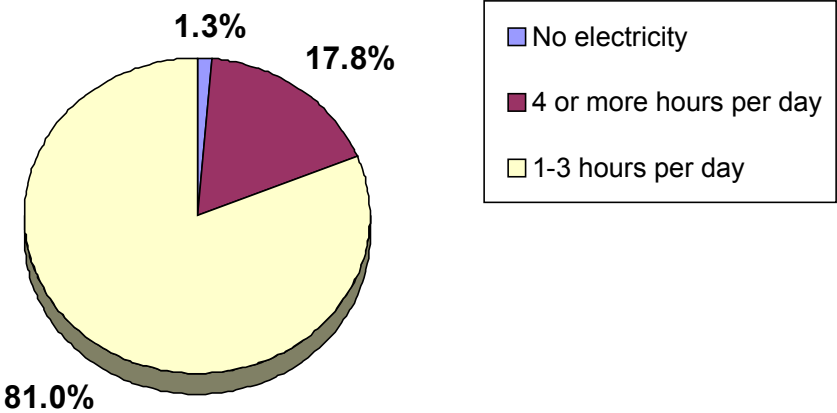

Figure 22: Special Needs of Returnee/IDP Households, based on Household Surveys

(Sample of 1,227 households)

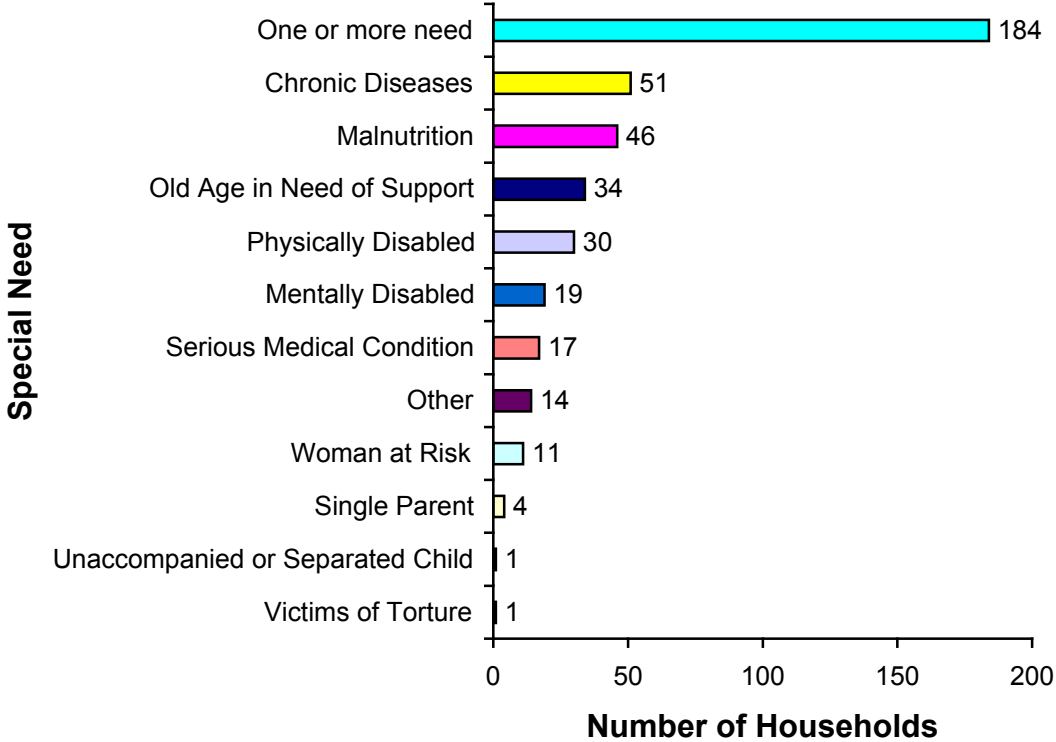

Figure 23: Main Source of Income, from Household Surveys

(Sample of 1,195 households which indicated their main source of income)

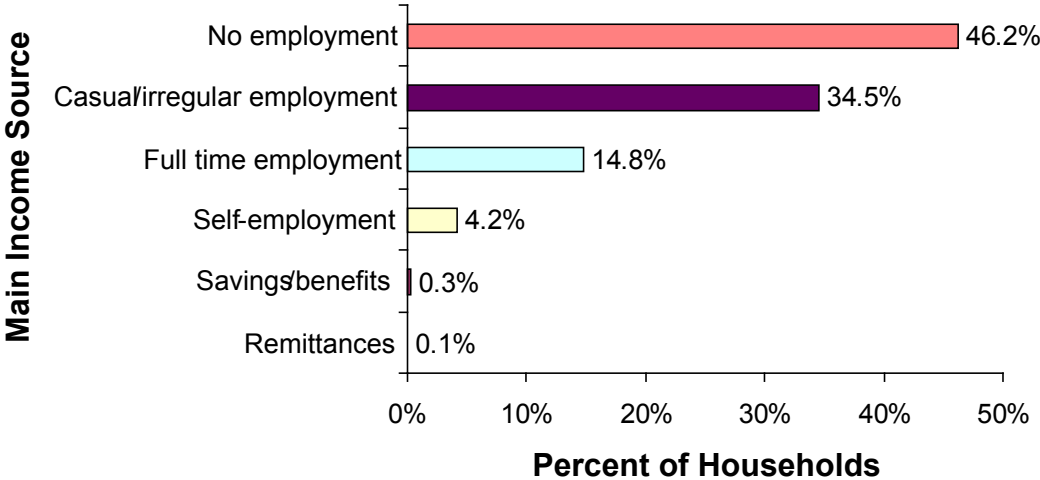

Figure 24: Economic Sectors in which Household is Employed, from Household Surveys

(Sample of 600 households which indicated their economic sector. The values do not add up to 100% because households listed up to three economic sectors.)

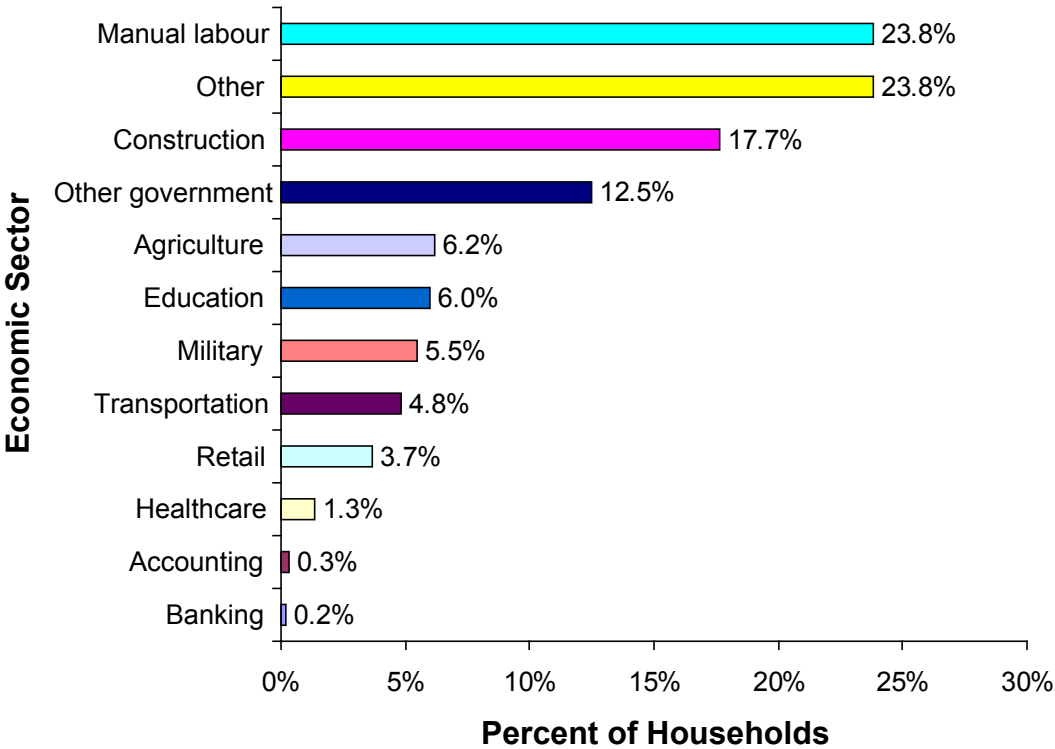

Figure 25: Top Three Priorities of Returnee/IDP Households, from Household Surveys

(Sample of 1,212 households which indicated their top three priorities. The values do not add up to 100% because households listed up to three priorities for assistance.)
